

“Insight on Leadership” 2009 Luncheon Speaker Series

"Insights on Leadership" is a new monthly luncheon presented by Faith and Work Life designed to provide insights on leadership (biblical insights) with applications Christians can use at work. Thought-provoking speakers will share how scriptural truths can work hand-in-hand with the best business practices, interweaving practical suggestions with biblical direction. Lunch attendees will be encouraged to re-think leadership and work from God's perspective, applying scriptural principles to daily work issues. They will hear how to live out your faith at work, aligning what they believe with how they work (Colossians 3:23). Few issues have a greater impact on our companies, organizations, churches and families. Regardless of title or profession, we are all leaders responsible for others seeing Christ in us by our actions.

The luncheons will be held at the Irvine Hilton Hotel across from John Wayne Airport. The banquet room can seat up to 350 guests.
